Castle Urquhart. Loch Ness is a fine stretch of water, 24 miles long and 1 to 1½ miles wide, which forms a part of the water route through the Highlands between Inverness and Fort William. On its banks, on a projecting rock near Drumnadrochit, is Castle Urquhart, a beautiful fragmentary ruin of considerable antiquity, which was besieged by Edward I.

Printed in England

Thank you so much for kind letter, I am pleased to see you all right. I shall be home 1st about one I perhaps the before will be in time for Wednesday's Meeting. Much love to all from Annie
